Emerald Route Slovenia

THE BEST OF SLOVENIA.

Along old channels of trade you cycle via Emerald route from the baroque capital city Ljubljana with beautiful old city centre and fortress Laibach to the Mediterranean Sea. The Slovenian landscape is coined through its forests and vineyards as well as through numerous underground stalactite caves. Highlights of this journey are Adelsberger grotto (stalactite cave of Postojna), the magical fortress Predjama and the Italian harbor city Trieste at the Adriatic coast. Visit on your way also stud Lipica – home of the well-known white Lipizzaner horses of the Spanish riding school in Vienna.

Tour character

You cycle mainly on side roads with less traffic. In parts also on main roads and country roads. The tour from Ljubljana to Vrhnika is easy to cycle. Afterwards it is more exhausting, because you have to manage some hilly passages. The last two stages via Lipica and Trieste are easy again.
