# Lake Chiemsee & Lake Waginger See

## THE REGION AROUND THE BAVARIAN SEA

Picturesque villages, glittering lakes and leisurely cycling – this tour through the white and blue Bavaria makes cycling hearts race. It also ensures ultimate relaxation between typical village centres and in the depths of the 'Bavarian Sea', the Chiemsee.

### *Details about the tour around the Lake Chiemsee & Lake Waginger See*

The starting point of the Chiemsee is a dream in itself – the beach bathing areas where you want to linger on a sun lounger by the sea, the charming islands that have their own stories to tell and the wonderful landscape, especially when one of the great sunsets appear. Around the Chiemsee there are not only great cycle paths, but also the Chiemseering bus line, where you can easily get on or off at 40 stops (and thereby shorten the cycle route as you like).

The Eggstätter Seenplatte and the Waginger See are further highlights of the stage. Altenmarkt, Traunstein and many other villages, just like you imagine them to be in Bavaria and are just waiting to be discovered. Don't miss out on talking to the hospitable Bavarians and eating typical food in the numerous beer gardens.

### *Highlights of the 7-day Lake Chiemsee & Lake Waginger See cycle tour*

- **Impressive alpine panorama:** Think of taking additional storage space for your camera, because the Chiemsee landscape is worth many photos. The seemingly endless lake and the majestic Alps – it really has it all!

- **Wonderful opportunities to swim in the lakes:** Of course, the Chiemsee with its numerous beaches
