Dolomites - Venice

FOLLOWING THE TRACKS OF THE OLD DOLOMITE TRAIN...

From the north-eastern Dolomites this tour leads through the valley Höhlenstein and pass the famous „Drei Zinnen“ to the Olympic town Cortina. Further on we cycle on the old railway-track to Pieve die Cadore, birthtown of Tizian. You reach the valley of the “Gelati” producers and cycle on to Ponte nelle Alpi (the bridge of the Alpes) to the Dolomite town Belluna. From here through the Lower Alps to Bassano del Grappa. But before that we visit the picturesque little town Asolo and then we reach the city Treviso. Cycling along the river Sile we reach the Mediterranean: for everybody who wants to extend his stay by some days in Mestre/Venice.
