## IMPRESSIVE DIVERSE COASTLINES IN THE SOUTH OF PORTUGAL

The land of seafarers, explorers and sunshine has everything imaginable for us cyclists for a successful cycle tour: stunning beaches, dreamy villages on the edge of the cycle path, lonely bays, thousands of sunbeams and an infectious joie de vivre. There is hardly another place where activity and relaxation can be combined so well as on a cycle tour in the beautiful Algarve! And there's something for foodies here too! On your marks, get set...off to Portugal!

### *Details about the cycle tour from Sagres to Vila Real*

The small, delightful coastal town of Sagres with its impressive fortress is the starting point for our cycle tour along the Algarve. From here you will explore what is probably the sunniest coast in Europe and come across some of the most interesting stages, lonely bays and romantic sunsets. Take advantage of every opportunity you have to take a cooling dip in the sea or relax on a beach. Via Lagos, Portimao, Albufeira, Faro and Tavira and you finally get to Vila Real de Santo Antonio, near the border with Spain.

### *The highlights of the cycle tour in the Algarve at a glance*

- Lagos: In the 14th and 15th centuries, the small port town of Lagos was the starting point for many voyages of discovery such as by Vasco da Gama. Several museums still commemorate this glorious time.
- Capela dos ossos: The small chapel in Faro, which was built from bones and over 1200 monk skulls, is supposed to remind us of the transience of man.
- Squid in Tavira: The area around Tavira is known for its delicious squid dishes. Let yourself be pampered in a small inn!

## *Sagres – Lagos* | approx. 50 km

The first cycle tour already brings you to a very special highlight, the famous lighthouse situated at the Cape St. Vinzenz, Europe's southwesternmost point. From the cliffs with a height of nearly 75 metres protruding vertically from the Atlantic you have a spectacular view over the sea and can listen to the roaring waves. You continue over gentle hills into the fishing village Salema and proceed onto the beach of Burgau. You will be impressed by the famous Ponta da Piedade situated before the gates of Lagos, a marvellous nature monument and one of the best-known picture postcard motifs of the Algarve. In the lively harbour town of Lagos you can ponder this exciting day over a nice glass of wine.

The beach of Meia offers you today the first opportunity to take a dip in the refreshing sea. Here at low tide observe the countless beach combers on the lookout for delicacies. In Odiáxere a visit to the church dating back to the 16th century is very rewarding and in Alvor a stroll across the market Morabito de São Pedro and through the narrow alleyways of the historic centre. Enjoy a break here in a typical restaurant offering the catch of the day. You continue cycling along the coast enjoying fantastic views across the sea.
